Saint Paul's School – Sports Eligibility Packet – NEW ATHLETES

ATTENTION PARENTS:

Please find attached all of the paperwork that is required by the LHSAA for your child to be eligible to play sports in Louisiana. It is very important that all forms and all sections are filled out completely. If any form is missing signatures or dates, we will be required to return the forms to you delaying your child's ability to participate in practice or games. The last four digits of the child's **Social Security** number are required for registering your child with the LHSAA, and a **birth certificate** must be kept in each athlete's athletic file as well as in his main school file.

If you have questions, please contact Claire Coutrado, Athletic Secretary, at clairec@stpauls.com or (985) 327-1848. Our goals are to keep files up-to-date, and to keep the boys involved.

NEW ATHLETES MUST SUBMIT THE FOLLOWING PAPERWORK BEFORE PARTICIPATING:

1. LHSAA Medical History Evaluation

The top of this form and the Parent's Waiver is to be filled out and signed by parents and Section II, the bottom of the form, is to be filled out by the physician conducting the physical. Physicals are valid for one year from date obtained.

2. LHSAA Substance Abuse/Misuse Contract and Consent Form

This form must be signed and dated by both the student and a parent or guardian.

3. LHSAA - Athletic Participation and Parental Permission Form

Part I – Please fill out in entirety.

Read eligibility requirements to make sure that none of these rules disqualifies your child.

Part II - Parent's Signature and Date

4. St. Paul's School – Emergency Information

It is important that we have update information completed annually so that we can contact you if your child is injured while under our care. It also gives us permission to have your child treated if immediate attention is needed before you are available. Please include updated insurance information.

5. LHSAA Parent and Student-Athlete Concussion Statement

Due to the passing of The Louisiana Youth Concussion Act in 2011, parents and athletes are required to sign a concussion fact sheet annually as proof of your awareness of basic concussion protocol. This is a state law and is required for all sports.

6. Birth Certificate

If your child is playing sports at St. Paul's for the first time, please supply a birth certificate with his athletic packet. We are required to keep a copy in his athletic file.

Thank you for your help.

We look forward to another year of athletic success at St. Paul's school.

LHSAA SUBSTANCE ABUSE/MISUSE CONTRACT AND CONSENT FORM

This form must be completed and signed and kept on file with the school and is subject to inspection by the LHSAA Rules Compliance Team.

As an LHSAA athlete, I,	, agree to avoid the abuse or				
misuse of legal or illegal substances, including anal	bolic steroids and other performance				
enhancing drugs. I hereby grant permission to be tes	sted for substance abuse/misuse as a				
participant in any LHSAA sports program. I furthermore	agree to cooperate by providing a urine				
or hair specimen for testing upon the request of my p	rincipal. I understand that should my				
specimen indicate the abuse or misuse of legal or illegal	I substances, I will be subject to action				
specified in my <u>School Drug Policy for Student Athletes.</u>					
I,, parent/guardia	n of the undersigned student-athlete,				
individually, and on behalf of my child, do hereby grant permission for and consent to said child					
being tested for substance abuse/misuse in accordance with his/her School Drug Policy for					
Student-Athletes and I understand that if any specimen taken from him/her indicates abuse or					
misuse of legal or illegal substances, including anabolic steroids and other performance

Notes: Rule 1.9 of the LHSAA By-Laws, states that this contract shall remain in effect for the remainder of the student's eligibility. This means the contract only has to be signed once by both the student and his/her parent or guardian but the terms remain in effect for the student's entire high school career.

According to Rule 1.9.1 of the LHSAA By-Laws, without the signature of the student athlete and his/her parent/guardian, the student is ineligible to participate in interscholastic athletic contests at all levels of play in all LHSAA sports at all LHSAA schools until compliance with Rule 1.9.1 is obtained from both parties.

Any student participating in an interscholastic athletic contest(s) without a properly signed contract shall be classified as an ineligible student and both the student and school shall be penalized according to Rule 1.9.1.

Signature of the LHSAA's contract does not necessarily mean the student athlete will be tested. Federal courts have consistently ruled participation in high school athletics is a privilege, not an educational right.

Louisiana High School Athletic Association

Athletic Participation/Parental Permission Form

This form must be completed and signed by the student-athlete's parent prior to a student's participation in an athletic contest and shall be kept on file with the school. It shall remain in effect for the remainder of the student's eligibility unless the student transfers to another member school. This form is subject to review/inspection by the LHSAA or its representative.

practitioner that is in collaboration with a licensed physician or a licensed physician's assistant under the supervision of a licensed physician and complete an LHSAA Medical History

Evaluation form prior to participating.

ATHLETIC PARTICIPATION/

A school shall only be required to have this form completed and signed prior to the first time a student participates in LHSAA athletics at the school unless the student transfers PARENTAL PERMISSION FORM

to another member school.

SUBSTANCE ABUSE/MISUSE **CONTRACT & CONSENT FORM**

A school shall only be required to have this form completed and signed prior to the first time a student participates in LHSAA athletics at the school.

SUSPENDED AND

INELIGIBLE STUDENTS

Shall not participate in any interscholastic contest on any team at any school at any level.

LHSAA ELIGIBILITY RULES APPLY TO STUDENT-ATHLETES ON ALL TEAMS AT ALL LEVELS OF PLAY AT ALL LHSAA **SCHOOLS**

Eligibility to participate in interscholastic athletics is a privilege a student earns by meeting standards outlined on this form and other regulations and policies set by the LHSAA and the student's school. If you have questions or do not fully understand an eligibility rule, check with your child's principal, athletic director or coach. By following the intent and spirit of the rules, you can help prevent violations which may penalize the student, his/her team and/or his/her school.

ONE INELIGIBLE STUDENT MAY DISQUALIFY YOUR WHOLE TEAM - KNOW THE ELIGIBLITY RULES

PART II - PARENTAL PERMISSION

I have read and reviewed the general requirements for high school athletic eligibility on this form and have discussed these requirements with my child. I understand additional questions/explanations and specific circumstances should be directed to my child's principal, athletic director or coach.

I certify the home address listed **on this form** is my sole bona fide residence and **that I** will notify the school principal immediately of any change in my residence, since such a move may alter the eligibility status of my child. All other information given is also accurate and current.

I give my permission for the athletic trainer to release information concerning my child's injuries to the head coach/ athletic director/principal of his/her school. Additionally, I give the LHSAA or it representative(s) permission to review my child's scholastic records and all required eligibility forms however submitted by the school or myself.

If the medical status of my child changes in any significant manner after he/she passes his/her physical examination, I will notify his/her principal of the change immediately.

I hereby give my consent and approval for my child to participate in any of the following LHSAA sports:

SWIMMING BASEBALL GOLE BASKETBALL **GYMNASTICS TENNIS BOWLING POWERLIFTING**

TRACK AND FIELD **CROSS COUNTRY** SOCCER **VOLLEYBALL** FOOTBALL **SOFTBALL WRESTLING**

I certify all the information is correct, that I have read the summary of LHSAA eligibility rules below and I am in compliance with these standards. I also acknowledge that my child, by my signature below, has my permission to participate in interscholastic athletics during his attendance at this school. I also understand that this form shall only be completed prior to my child's first participation in any athletic contest of any sport and shall remain in effect for his/her entire athletic eligibility unless he/she transfers to another member school.

Parent/Athlete Concussion Information Sheet

A concussion is a type of traumatic brain injury that changes the way the brain normally works. A concussion is caused by bump, blow, or jolt to the head or body that causes the head and brain to move rapidly back and forth. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

WHAT ARE THE SIGNS AND SYMPTOMS OF CONCUSSION?

Signs and symptoms of concussion can show up right after the injury or may not appear or be noticed until days or weeks after the injury.

If an athlete reports **one or more** symptoms of concussion listed below after a bump, blow, or jolt to

Did You Know?

- Most concussions occur without loss of consciousness.
- Athletes who have, at any point in their lives, had a concussion have an increased risk for another concussion.
- Young children and teens are more likely to get a concussion and take longer to recover than adults.

the head or body, s/he should be kept out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.

SIGNS OBSERVED BY COACHING STAFF	SYMPTOMS REPORTED BY ATHLETES
Appears dazed or stunned	Headache or "pressure" in head
Is confused about assignment or position	Nausea or vomiting
Forgets an instruction	Balance problems or dizziness
Is unsure of game, score, or opponent	Double or blurry vision
Moves clumsily	Sensitivity to light
Answers questions slowly	Sensitivity to noise
Loses consciousness (even briefly)	Feeling sluggish, hazy, foggy, or groggy
Shows mood, behavior, or personality changes	Concentration or memory problems
Can't recall events <i>prior</i> to hit or fall	Confusion
Can't recall events after hit or fall	Just not "feeling right" or "feeling down"

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. An athlete should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- · One pupil larger than the other
- · Is drowsy or cannot be awakened
- A headache that not only does not diminish, but gets worse
- Weakness, numbness, or decreased coordination
- · Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people or places
- · Becomes increasingly confused, restless, or agitated
- · Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously)

WHY SHOULD AN ATHLETE REPORT THEIR SYMPTOMS?

If an athlete has a concussion, his/her brain needs time to heal. While an athlete's brain is still healing, s/he is much more likely to have another concussion. Repeat concussions can increase the time it takes to recover. In rare cases, repeat concussions in young athletes can result in brain swelling or permanent damage to their brain. They can even be fatal.

Remember

Concussions affect people differently. While most athletes with a concussion recover quickly and fully, some will have symptoms that last for days, or even weeks. A more serious concussion can last for months or longer.

WHAT SHOULD YOU DO IF YOU THINK YOUR ATHLETE HAS A CONCUSSION?

If you suspect that an athlete has a concussion, remove the athlete from play and seek medical attention. Do not try to judge the severity of the injury yourself. Keep the athlete out of play the day of the injury and until a health care professional, experienced in evaluating for concussion, says s/he is symptom-free and it's OK to return to play.

Rest is key to helping an athlete recover from a concussion. Exercising or activities that involve a lot of concentration, such as studying, working on the computer, or playing video games, may cause concussion symptoms to reappear or get worse. After a concussion, returning to sports and school is a gradual process that should be carefully managed and monitored by a health care professional.

It's better to miss one game th visit: www.cdc.gov/Concussion	an the whole season. For more informa	tion on concussions,
