Saint Paul's School  
Covington, LA

October 31, 2016

Alumni, Parents and Friends of Saint Paul's School,

Perhaps my favorite month of the year, October always brings many blessings in addition to the beautiful weather. The Brown Jug remains here on campus as the Gridiron Wolves enjoy another outstanding season, the Cross Country Wolves currently hold the number one ranking in the State, and our Winter sports teams are gearing up for another great run. To put it simply, students are praying, playing, studying, and representing our alma mater well as we forge ahead into our second century of existence.

Held on Friday, October 14<sup>th</sup>, the Joseph A. Champagne, Jr. / Gene Bennett Memorial Golf tournament once again enjoyed outstanding weather, exceptional camaraderie, many laughs and tall tales, and proved to be a huge success. We are most grateful to all who supported the event.

# Calling All Veterans

In 2012, at the bequest and generosity of the estate of Mr. Harry G. Friedman Class of 1933, a memorial plaque was designed and hung in the Eastern hallway in the lobby of LaSalle Hall. It was dedicated to the Memory of Mr. Harry Friedman and that of his brother, USA Lt. Col. Joseph Bernard Friedman, St. Paul's College 1935. Additional language on the plaque is as follows: *"Honoring the memory of all the St. Paul's Alumni who practiced the values learned at St. Paul's by their patriotic service in the United States Military."*

Nearly 150 Alumni are presently represented on the plaque which resides in the hallway of La Salle Hall adjacent to our current ROTC classroom. As Veterans Day approaches, we would like to once again petition our Alumni base to identify any additional veterans and give proper recognition to all who have served our country.

If you are a veteran and would like to be recognized on the plaque, please email your response to the following to [aln@stpauls.com](mailto:aln@stpauls.com) :

- Your name
- Branch of service in which you served
- The highest rank or rate attained
- Your year of graduation or years spent at St. Paul's

Further, if you are aware of a classmate or friend who served, please send us any information you have regarding that person including contact information.

Any active military, please let us know when your service ends, or upon retirement, in order to ensure that the accurate rank is denoted on the plaque.

Many thanks to the Friedman family and for our Alumni who have so bravely served the greatest country the world has ever known.

**NOTE:** The plaque will be updated annually, and the deadline for this year's submission is Veterans Day, Friday, November 11, 2016. The goal is to have the updated names available for display by our return to school the first week in January 2017.

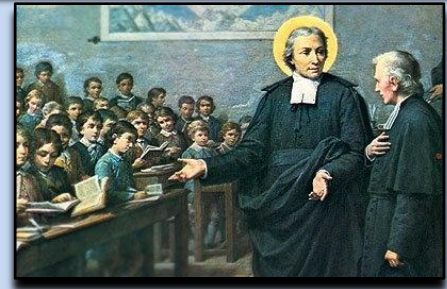

If you are not sure whether your name is on the plaque at this time, or for any additional questions, please do not hesitate to contact Al Nastasi at [aln@stpauls.com](mailto:aln@stpauls.com) or 985 892-3200 ext 1271.

# 2017 President's Annual Fund

Saint John Baptist de La Salle's original schools charged no tuition. Rich and poor alike were welcomed, and "charity" of benefactors and the donated services of the Brothers funded the schools. We can no longer offer "free" schools, but Saint Paul's tuition is one of the lowest among Catholic high schools – and a downright bargain compared to the private schools.

Monies from the Annual Fund help provide our students with a quality education including the certified Project Lead the Way (PLTW- [see brochure](#)) and Pre-law curriculums. Faculty compensation, educational conferences, technological improvements, tuition assistance, and capital improvements are also financed with the Annual Fund.

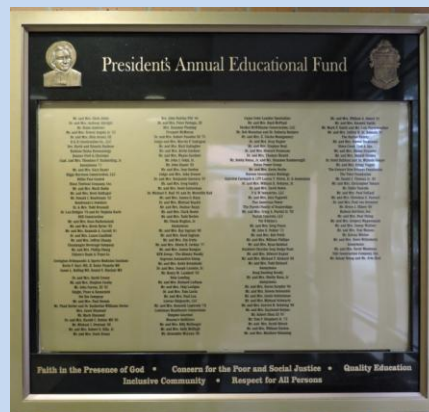

Please assist me in accomplishing a successful annual drive and complete a check to Saint Paul's School, 917 S. Jahncke Ave, Covington, LA 70433 or you may donate online on our [website](#).

I take seriously the faith people place in Saint Paul's for Saint John Baptist de La Salle, founder of the Christian Brothers, insisted that the Brothers look upon their work "*only with the eyes of faith.*" Your gift furthers St. La Salle's instructions to the Brothers that "*Christian schools should be in no way inferior to other schools*" and that parents who choose the Christian school should "*not have occasion to regret that their children do not find therein all other educational advantages.*"

Lastly, please check with your employer to inquire about company matching funds. This is an easy way to double your contribution!

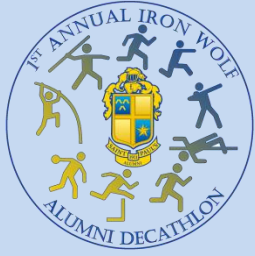

Sincerely,  
Brother Ray Bulliard, FSC  
17<sup>th</sup> Christian Brother President of Saint Paul's School

In appreciation of our major donors (\$1,000 and above), the donor board hangs in the Main School Building.

# Saint Solomon

On Sunday, October 16, Pope Francis canonized Blessed Brother Solomon Le Clercq, FSC at the Vatican in Rome, Italy. He is the first Brother of the Brothers of the Christian Schools to be beatified.

In the late 18<sup>th</sup> century, once the monarchy had been overthrown early in the French Revolution, the next target was the Church. In 1790 the Civil Constitution of the Clergy gave the state complete control over the Church in France. In order to continue to function, priests and religious were forced to take an oath to support the constitution. Most of the Brothers refused and so were forced gradually to abandon their schools and communities. Eventually the Institute was deprived altogether of legal status in France.

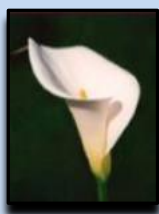

Brother Solomon was secretary to Brother Agathon, the Superior General, after having been a teacher, director and bursar. He always showed a great love for people and a great attachment to his work. Having refused to take an oath, he lived alone in Paris in secrecy. Brother Solomon was arrested and imprisoned in the Carmelite monastery, which had become a prison, together with several bishops and priests. On September 2, almost all the prisoners were killed by sword in the monastery garden. He was beatified on October 17, 1926, together with 188 of his fellow martyrs.

# School News

Recently, the Saint Paul's Theater elective program, which encompasses Theater I, II, and III, was treated to a special workshop hosted by Alumnus Mike Mayhall '93 dealing with stage combat and stunt work in both the theater and film industry. Mayhall has worked as a successful stunt artist and double on various film and television projects such as the *Walking Dead*, *Deepwater Horizon*, *Green Lantern*, and *Looper*. In addition to his extensive work in the realm of stunts, Mayhall is also an accomplished actor in such projects as *NCIS: New Orleans*. He also directed and starred *Jake's Road*.

The core of the workshop revolved around how to use safe stage combat techniques while working in a theater setting. Students were taught how to fake and stage a variety of different techniques from a stage punch, and slap, to a staged kick. At the culmination of the workshop, students were instructed to construct a full scene with the inclusion of a stage combat routine. Students then went on to orchestrate a variety of different scenarios resulting in a well executed stage combat sequence.

Mayhall stressed the safety and precise nature of the movements throughout. He made sure the students focused on safety rather than garnering shock value or any other meaningless things. Without the students knowing the exact movements, stage combat becomes a risky endeavor. However, with proper instruction, it becomes a relatively easy and worthwhile experience.

The workshop comes as a part of the larger theater curriculum. The entire theme of the program has a multipronged purpose. First, the program is in place to give students a respect and appreciation of theater as an art form and acknowledge its place in society. Secondly, it helps with student self confidence due to the highly involved nature of theater. It helps students open themselves and present themselves in front of a group in a variety of ways. It also helps build collaboration and negotiation, as students must work with others to build and craft scenes.

Mike takes a moment to chat with his former drama instructor, Denny Charbonnet.

Mike instructs Andrew Curry how to avoid the stage punch thrown by Carson Caulfield.

Theatre class members Mason Rush, Blake Cordes, and Trey Juneau paint railings bottom while Nico Arcuri paint the banister top.

## Theatre (continued)

More specifically, each year of theater has a different approach and purpose to these outlined goals. Theater I deals mainly with development of public speaking skills with a series of speeches and some rudimentary scene work that focuses on presenting oneself and one's ideas. Theater II builds on the idea of student collaboration with a greater variety of scene work and even the inclusion of a full one-act play assignment. The program begins to shift now more to acting and skilled scene work and writing rather than rough public speech skills as in Theater I. Theater III acts as the ultimate culmination of both programs. The class is officially a film class with students analyzing film on a variety of criteria with some being Borrowed from the realm of theater. Student groups also create a variety of projects that include filming, editing, and acting.

The Theater students involved in the upcoming play, *You Can't Take it With You*, during the first week of November will also have the unique opportunity to use their skills outside their theater class and scene work with other students.

## Homecoming Court

On September 30, Saint Paul's celebrated Homecoming with a 63-0 trouncing against the Hammond Tornados. With a 43-0 lead at the half, Saint Paul's picked up in the third quarter where it had ended, scoring their first three possessions. The defense prevented Hammond from getting past midfield in the second half.

During halftime, Saint Paul's Homecoming Court was presented with Saint Scholastica senior Molly Baldwin reigning as the Queen.

After week 7 of play, the Wolves were ranked as fifth in Division I winning 11 consecutive district games.

The Homecoming Court with their escorts pictured above L-R are: Rhyne Sepcich and Eileen Bolton, Liam Ordoyne and Lindsey Parkins, Thomas Bowden and Amy Scheuermann, Colin Sullivan and Molly Brown, Andy Grashoff and Elizabeth Simoneaux, A.J. # “Chasing the Dragon”

As Saint Paul’s students crowded anxiously into the school Gene Bennett Sports Complex they expected the usual assembly filled with accolades, recognition, and reverence. What met them was a stark contrast. The students were shown a co-produced Federal Bureau of Investigation (FBI) and Drug Enforcement Agency (DEA) film entitled “Chasing the Dragon.” To complement and reinforce the film, a panel of distinguished guests ranging from FBI Special Agents to the Parish Coroner, Dr. Charles Preston, and St. Tammany Parish Sheriff, Randy Smith, led a discussion following the film. The entire effort was led Kenneth Polite, a De La Salle New Orleans graduate, who now serves as the US District Attorney for the Eastern District of Louisiana.

The film introduced the students to a host of characters ranging from mothers, high achieving career personnel, daughters, and sons. All these varied characters were united in one of two things: addiction or loss of someone to its grasp. The interviews presented in the video provided a raw and gritty insight into the real cost of Schedule II prescription drugs and the slippery slope they present. Consequences of prescription drug abuse were punctuated by tearful confessions and gruesome memories. The video presented the cost of drugs on the body, mind, and the people around them. Real voices that had experienced the hardships of abuse and addiction were able to find a more than attentive audience in the form of the Saint Paul’s student body.

At the conclusion of the video, the panel of distinguished guests spoke up about their experience dealing with such issues in communities across the country and the state. The Saint Tammany Parish Coroner, Dr. Preston, spoke about what his office sees every single day. Dr. Michael Sprague, a panel volunteer, provided a moving personal anecdote about his beloved niece who passed away due to an overdose. Special Agents from both the FBI and DEA explained the legal implications of drug use while also providing disturbing and pertinent information about the prevalence of prescription drug abuse across the country. The Saint Tammany Parish Sheriff, Randy Smith, and Mr. Harold Bartholomew, a representative from District Attorney’s office spoke about the actual legal complications that can come from drug use and penalties for distribution and other drug related charges.

Guest in attendance for "Chasing the Dragon" presentation included: Covington City Councilman District E, Rick Smith, Covington Police Chief, Tim Lentz, and Saint Paul's Alumnus and Covington Mayor, Mike Cooper.

At the conclusion of the panel discussion, students were dismissed to their specific “Pack” times where they then had the opportunity to speak with some of the panel members in a more private setting. For the pack times that did not receive a panel member, issues such as prevalence and personal experiences were discussed among the students and faculty moderator. Students began speaking about family members and friends to further punctuate the message of the assembly for their fellow brothers in pack time.

Student response has been incredible with students beginning to absorb the message due to the gravity and real element of the presentation. Rather than lengthy presentations about the legality of drug use, “Chasing the Dragon” proved a cutting, poignant, and incredibly effective alternative. # Grandparents Day

Inclusive  
Community

October 14th brought the end of the first academic quarter and the annual "Thank God for Grandparents Day" to Saint Paul's. The Briggs Assembly Center was filled with blue and gold balloons, a wonderful feast, and hundreds of students and grandparents. Campus Minister, Jeff Ramon led a prayer service which included the traditional hymns "Rise Up, O Men of God" and "Let There Be Peace on Earth." Brother Raymond Bulliard, FSC, President, conducted a brief program which began as each school day begins on campus, with the Morning Prayer and the Pledge of Allegiance. The Air Force Junior ROTC presented the colors before the pledge. Brother Ray provided the students with statements which required them to communicate to their grandparents the important things happening on campus. The dedicated members of the Saint Paul's Mothers' Club organized a light lunch for the guests, and students were encouraged to give their grandparents a tour of the campus which is in full bloom with bright yellow mums, thanks to the dedicated members of the "Botanical Wolves" and their "Bring a Mum" campaign. It was a wonderful day on campus.

# Football Season

Saint Paul's Football Wolves, currently rated number four in the large schools polls, is having a banner season. The Wolves recently faced two major challenges in cross town rivals Covington High and district rivals Ponchatoula.

The Wolves defeated the Lions 31-14 on the turf in Jack Salter Stadium. Saint Paul's has won twelve of the last thirteen games in the renewed competition that began in 2001. The Wolves ended the first half down 14-7, but the second half was all Saint Paul's scoring. Quarterback, Johntae McDowell completed twenty of his thirty-one pass attempts in the game. Thomas Celestine caught two for touchdowns, and Matt Meyers had five catches for seventy five yards. On the defensive side Bradley Mashburn had twelve tackles and four sacks to help the Wolves to the victory. "The Little Brown Jug" resides in the main school building until next season. The Wolves also defeated their district rivals Pontchatoula, 29-15 in Hunter Stadium. This win gives the Wolves the outright lead in District 6-5A. McDowell completed thirteen of eighteen pass attempts in this game for 165 yards, four touchdowns and two interceptions. T.J. Bedford, Matt Meyers, Cameron Vidal and Zach Gallagher all scored on pass receptions. Saint Paul's remains undefeated in district play with Mandeville and Ponchatoula in a tie for second. # Etiquette Training

*Renaissance Program*

Saint Paul's pre-freshmen students had the opportunity to refine their dining skills with a course sponsored by the Saint Paul's Renaissance Program. The students were divided into three groups and the training took place during lunch over a period of three days. The lunch was held in the Briggs Assembly Center and was catered by Bosco's Italian Café in Mandeville. Owner, Tony Bosco, with the help of his staff presented a program on dining etiquette which included tips on: setting the table, using the correct utensils, taking and passing food, appropriate dinner conversation, and ordering, treating and tipping wait staff. The students enjoyed the lessons and improved their manners, but the best part of the class was the delicious lunch of corn bisque, Caesar salad, chicken and pasta alfredo, and bread pudding. The students returned to class for the rest of the afternoon, well-mannered and well-fed.

The students learn how to set the table.

Eating soup is no longer a challenge!

Thanks to the moms, dads, and even one grandma that helped serve from the left, pick up from the right, and assist with instructing the boys with etiquette .

# Freshmen Retreat

Faith in the  
Presence of God

On October 12<sup>th</sup> and 13<sup>th</sup>, the one hundred ninety-eight freshmen students participated in their annual retreat and service day. The one-day retreat portion took place at Camp Abbey, a property owned and operated by the Archdiocese of New Orleans. On this retreat day, the students spent a day with the concept of love using the story of the boy Jesus in the Temple as a young boy (Luke 2: 41-52). The students explored the role of love in being a good student, friend, and son. Within this day, the students also explored the importance of surrounding themselves with impactful, spiritual, and personal influences in their lives. Assisting as small group leaders on the retreat were members of the Saint Paul's Lasallian Youth organization.

On the day of service, students served as teacher aides in the classrooms of local elementary schools (Pre-K to Grade 3). Participating schools were Kehoe-France School, Lyon Elementary, Covington Elementary, and Abita Springs Elementary.
