Veterans Plaque

In 2012, at the bequest and generosity of the estate of Mr. Harry G. Friedman Class of 1933, a memorial plaque was designed and hung in the Eastern hallway in the lobby of LaSalle Hall. It was dedicated to the Memory of Mr. Harry Friedman and that of his brother, USA Lt. Col. Joseph Bernard Friedman, St. Paul's College 1935. Additional language on the plaque is as follows: *"Honoring the memory of all the St. Paul's Alumni who practiced the values learned at St. Paul's by their patriotic service in the United States Military."*

Over 150 Alumni are presently represented on the plaque which resides in the hallway of La Salle Hall adjacent to our current ROTC classroom. As Veterans Day approaches, we would like to once again petition our Alumni base to identify any additional veterans and give proper recognition to all who have served our country.

If you are a veteran and would like to be recognized on the plaque, please email your response to the following to aln@stpauls.com :

- Your name
- Branch of service in which you served
- The highest rank or rate attained
- Your year of graduation or years spent at St. Paul's

Further, if you are aware of a classmate or friend who served, please send us any information you have regarding that person including contact information.

Any active military, please let us know when your service ends, or upon retirement, in order to ensure that the accurate rank is denoted on the plaque.

Many thanks to the Friedman family and for our Alumni who have so bravely served the greatest country the world has ever known.

NOTE: The plaque will be updated annually, and the deadline for this year's submission is Veterans Day, Friday, November 13, 2017. The goal is to have the updated names available for display by our return to school the first week in January 2018.

If you are not sure whether your name is on the plaque at this time, or for any additional questions, please do not hesitate to contact Al Nastasi at aln@stpauls.com or 985 892-3200 ext 1271.

Israel Joseph Batiste, Jr.

Longtime, Saint Paul's physical plant employee, [Israel Batiste](#), also known as "Pops", passed away suddenly on September 13th. Israel was employed at Saint Paul's for over thirty-five years and was a vital part of our physical plant department. His knowledge of the campus and his skill abilities came in very handy on many occasions. Ironically, Israel officially "retired" on July 31, taking advantage of Christian Brothers' Retirement plan which allowed him to collect full retirement benefits while still working 20 hours a week at Saint Paul's. In addition to his part time work at Saint Paul's, Israel also worked as a bus driver (bus 66) for St. Tammany Parish School System.

A Batiste family member has been present on this campus for over fifty years. Both his grandfather, Jack Baptiste, and his uncle Bobby Baptiste, started working at Saint Paul's in the early 60's and stayed for thirty-seven years.

Special thanks to Saint Paul's Mothers' Club for organizing the funeral reception in the cafeteria.

Happy Birthday Saint Paul's

On Thursday, September 14, Saint Paul's celebrated the 106th anniversary of the opening of Saint Paul's College in 1911 by the Benedictines of Saint Joseph Abbey. On that day, forty-eight students, five Benedictine priests (Fathers Augustine, Adelbert, Aemillion, Martin, and Placid) and four lay teachers (Messrs. Edgar Barre, Oliver Lyons, Bernard Mutter, and Leopoldo Teller) walked through the arch for the first time and opened the school. By year's end, seventy boarders and thirty day students had enrolled. Today, with over 850 men of God, Saint Paul's strives to be the number one choice for parents on the Northshore. View this [website](#) for a brief pictorial of the past 100 years.

Although Saint Paul's did not officially turn 106 until September 14, students were treated the day prior to colored cupcakes with bright blue and yellow icing in between their third and fourth blocks. "Snack Day," as it has been known to be called, is a monthly event where volunteers of the SPS mothers club serve baked goods and water by grade level to students, free-of-charge.

"The cupcakes were delicious," junior Daniel Wieseneck said. "Everyone loved the blue and gold colors."

By Monday, Sept. 18, the SPS Homecoming Week festivities were in full-swing. The Student Council conferred prior to discuss, among other business, the daily themes for "dress-down days." These days allow dress code leniency for students in order to promote a different form of uniformity, the uniformity of brotherhood.

"It's not entirely a Democratic process of building from the base up," Student Council Junior President Joshua Rovira said. "Rather, there is a format that we follow. Ideas are presented to us, and, instead of just making things up as we go along, we can add or take away ideas, and vote upon those ideas as a group. That was how a lot of Homecoming Week and dress-down days were decided upon."

The themes for each day were as follows: Monday was Twin Day, where students could coordinate costumes or outfits with one or more students; Tuesday held no theme due to the President's Assembly. But, Wednesday was Hawaiian Shirt Day, where students were able to show off their favorite tropical-printed shirts; Thursday was Jers-day, where jerseys of multiple teams were sported by the student body; Lastly, Friday was Blue and Gold Day, where an array of royal blue and gold could be seen on the students strolling about the campus.

On Sept. 19, school President Bro. Ray Bulliard, FSC, began his assembly by playing OAR Revolution's "I Feel Home." In 2002, Kramer Johnson, then a member of the junior class, performed the song in front of the student body. Following a standing ovation, he said that SPS was his second home. From that day forth, Brother Ray plays it annually at his assembly around Homecoming Week, reminding both students and faculty alike that Saint Paul's is a home to us all, past, present and future.

With this, many Wolves of the past returned to once again howl with their pack at Hunter Stadium. As on Friday, Sept. 22, the Wolves played the Northshore High school Panthers for the homecoming match-up.

Homecoming week wrapped-up with the Senior High Homecoming Dance. The sophomore, junior, and senior classes accompanied their dates to the Briggs assembly center on Saturday, Sept. 23, for a night of musical entertainment and social interaction.

In the evening of Friday, September 22nd, Alumni gathered for a postgame celebration in the cafeteria. The Members of the Class of '93 were honored as the twenty-fifth anniversary class. The Wolves met Northshore on the field of Hunter Stadium at 7:00pm. [See Advocate article.](#)

President's Assembly

On Tuesday, September 12, the students, faculty, staff, alumni and friends of Saint Paul's School were blessed to bear witness to a truly powerful and inspirational message from '63 alumnus and former Saint Paul's employee, Mike McMurray. As a student athlete, Mike earned the Jimmy Dunn Award, given to the outstanding overall athlete and was the second 1000 point scorer in school history. After spending three years on a basketball scholarship at Southeastern Louisiana University, Mike was drafted by the United States Navy where he bravely served in Vietnam. He later spent twenty years serving his

alma mater in the finance office. In 2012, Mike was diagnosed with ALS, and at a recent President's Assembly, he shared his inspirational journey with us exhibiting such strength, faith, and perspective as just one of his statements reflect, "This illness has helped me get so much closer to my family, and I feel happier with my life today, right now, than ever before."

Please watch the video (courtesy of the Guerilla Wolves and Senior Brandon Gallego) to hear Mike's entire message. [View video here.](#) [See Paper Wolf article.](#) Pictured above are friends and family of Mike McMurray at Brother Ray's Assembly.

Math Tournament

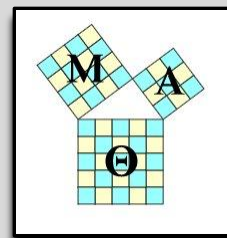

The twenty-third annual Saint Paul's Math Tournament was attended by over 400 mathletes from twenty-three different schools consisting of magnet, public, private, and Catholic, schools. Our tournament is the kickoff of the math competition season. We had two divisions this year: Magnet and MAO Convention winners vs. all other schools.

Usually Saint Paul's, as the host school, competes in the magnet school division. However, to even out the divisions, Saint Paul's competed in the second division. There were sixty-six Saint Paul's students competing and approximately thirty running the tests and bringing papers to the grade room. As the host school, Saint Paul's students don't compete in the higher subjects.

An unbelievable amount of work goes into planning a math tournament, but an unbelievable amount of joy comes from experiencing the love of math that these students bring to the table. The tournament takes place across campus using the cafeteria, La Salle Hall, Benilde Hall and the Briggs Assembly Center. Karen Hebert helps coordinate the hospitality room with refreshments and assists in taking pictures of the event. Pam Cullen, Math Department Chair, Kristin Legraize, and Dr. Shannon d'Hemecourt help in running the tournament. The mothers of Mu Alpha Theta members bring food and refreshments for the visiting teachers and man the concession stand. Results are as follows:

Recent Accomplishments

Saint Paul's golfer, Chase May, the son of Freddie May of Covington, was awarded a \$1000.00 scholarship by the Kelly Gibson Foundation and their partner BC Cup. Chase, who played in the Kelly Gibson Junior Golf Tournament, spent time mentoring younger golfers. The tournament was founded in 2009 by Kelly Gibson, a PGA Tour Professional with the mission of creating a positive learning experience through golf by providing competitive golf tournaments throughout the year. The tour is open to male and female golfers ages 7-22, with tournaments hosted in the New Orleans and Gulf Coast Region. Scholarships are awarded based on community service, grade point average regardless of the players' golfing ability. Chase, currently a junior at Saint Paul's, is a member of the golf team coached by Luke Barwick.

Senior Pictures

On Wednesday, September 27th and Thursday the 28th, Saint Paul's seniors had their senior portraits taken for the yearbook and they were measured for their caps and gowns. Several volunteer moms assisted the boys in making sure everything was perfect.

Ken Sears, Head Football Coach of Saint Paul's, acknowledged a loss to the Saint Paul's football family in Hunter Stadium at the Christian Brothers' Jamboree, on August 25th. Mr. Jake Coutrado, who had served as the football videographer for twenty-five years, died at the end of last school year. Jake never missed a game, never failed to film, never missed a play. He traveled to away games, he withstood the heat, the rain, and the cold all on a volunteer basis to help the Wolves. As a tribute to his diligence team members will wear a "Jake" sticker on the back of the helmets during the 2017 football season. Jake, a graduate of De LaSalle, a father and grandfather of Saint Paul's Wolves, fulfilled the promise of a Lasallian education by touching many hearts with his years of service.

The end zone presentation included: Coach Ken Sears, and Barbara, Jake's wife, center, Jake's daughter Lindsay Van As, and her husband Rob and their daughters Brooke, Bailey and Braelyn, and Jake's son Jay a graduate of Saint Paul's with his wife Claire and their sons, Cooper, Jacob and Hayden, all who currently attend Saint Paul's.

Hurricane Harvey Relief

The members of Saint Paul's HOSA group, a national high school organization for students who want to join the medical profession, decided that Hurricane Harvey relief would be their first project of the year. They organized food drives for both people and pets. The response from the Saint Paul's students and faculty was amazing, 6,584 pounds of food was delivered to the Covington Food Bank to be loaded directly on a truck heading to Texas that afternoon. After unloading the food, the students continued their trip with a visit to the St. Tammany Humane Society warehouse where they loaded a number of pallets with pet food, toys, leashes, and pet cleaning products.

Petroleum Engineering

The Petroleum Engineering class at Saint Paul's School invited Mr. David Broadbridge, a local petroleum geologist, to speak. The students, who benefitted from Broadbridge's extensive field experience, learned about south Louisiana petroleum geology, reservoir characteristics (porosity & permeability) and formation properties. Ed Prybl, instructor for the class, is pictured with class members Evan Hendry, Connor Demarest, Tonner Dougherty, Rhett Schwing, Cameron Morris, David Broadbridge, speaker and additional class members, Jacob Coutrado, Thomas Dugan, Merrick Coghlan, Emerson Vaccari, Kevin Cluney, Clayton Lind, Will Harp.
