*The President's Hebdomadal **Blue Ribbon** Newsletter* *January 30 – February 05, 2017*

Welcome to the last days of January and beginning of February! 1/12th (or 0.08333...% if you prefer) of 2017 is almost history! Wow!

Today begins Catholic Schools Week, when Catholic schools throughout the US celebrate and affirm the Catholic identity of our schools. This year's theme is "Catholic Schools: Communities of Faith, Knowledge and Service."

Historically, we cannot overstate the contribution of Catholic education to this country. Today, Catholic schools continue to produce outstanding achievement, in spite of the many challenges to their existence. Here in the Archdiocese of New Orleans, for example, the strategic plan designed to save the Catholic school system already has caused changes. Archbishop Aymond has stated that the Catholic school system in New Orleans will look very different twenty-five years from now than it looks today.

We remember and celebrate, too, that Saint Paul's is not just a private school or a Christian school -- we are a Lasallian Catholic school. We remind ourselves of Saint John Baptist de La Salle, who Pope Pius XII proclaimed Patron of All Teachers by virtue of his contribution to education. To be faithful to our Lasallian Catholic nature, we must remember that Saint La Salle insisted upon quality schools which not only "ran well" but were "places of salvation" (both spiritual and temporal) for the students by teaching them the "Truths of their Religion." In such a way, the Founder believed, the schools would "touch the hearts" of the students who attended.

St. La Salle said that "to touch the hearts of the students entrusted to your care is the greatest miracle you can perform and one which God expects of you." He also insisted that those who work in Catholic schools must look upon themselves as "ministers of God's grace" and "co-workers with God." **As I wrote to the faculty, Saint La Salle would accept nothing less from the early brothers; we must offer nothing less today.**

Mon, Jan 30 (Regular; C D E F)

- **Today** Lasallians throughout the world celebrate a special Christian Brother feast: Saint Brother Mutien Marie. In Mutien Marie, we have another example of the Church raising someone to sainthood not for extraordinary deeds as the world might recognize, but for extraordinary devotion to and **zeal for Catholic education on a daily basis**. Mutien was a Belgian brother who spent **58 years** teaching and perfecting at the Brothers' boarding school at Malonne. He was an effective teacher, a vigilant prefect, a catechist in the nearby parish and a great influence on his students by his patience and piety. Among the Brothers, it was said that he had never been seen violating even the smallest points in the Rule of the Brothers -- and I can assure you that there were many rules back then and the Brothers were the first ones to point out deviations by each other! St. Brother Mutien Marie -- pray for us!

Tue, Jan 31 (Wolf Pack; G A B C)

- **Feast day of St. John Bosco**, founder of the Salesian Order of Sisters, Brothers and Priests. In many ways, John Bosco was similar to John Baptist de La Salle – he had a loving concern for young people and was devoted to meeting their educational needs. Today, Salesians minister in New Orleans by conducting Archbishop Shaw and the Academy of Our Lady. We thank the Salesians for their work. Here's a sampling of some of John Bosco's words

- *Do good while you still have time. God does not pay us for results, but for effort.*
- *Nobody can be truly happy unless he is at peace with God.*
- *Put up willingly with the faults of others if you wish others to put up with yours.*
- January 31 also marked the 101st birthday of Thomas Merton, American Catholic writer and mystic. A Trappist monk of the Abbey of Gethsemani, KY, he was a poet, social activist, and student of comparative religion. A few of his words:
- *We are not at peace with others because we are not at peace with ourselves, and we are not at peace with ourselves because we are not at peace with God.*
- *Every moment and every event of every man's life on earth plants something in his soul.*
- And one of my favorites: *My Lord God, I have no idea where I am going. I do not see the road ahead of me. I cannot know for certain where it will end. Nor do I really know myself, and the fact that I think that I am following your will does not mean that I am actually doing so. But I believe that the desire to please you does in fact please you. And I hope I have that desire in all that I am doing. I hope that I will never do anything apart from that desire. And I know that if I do this you will lead me by the right road though I may know nothing about it. Therefore will I trust you always though I may seem to be lost and in the shadow of death. I will not fear, for you are ever with me, and you will never leave me to face my perils alone.*

- **TDIH:** In 1884, the Oxford English Dictionary (OED), the most comprehensive and accurate dictionary of the English language, is published. From History Channel Website: *The OED is the definitive authority on the meaning, pronunciation and history of over half a million words. The OED provides a chronological history, quoting a range of sources. The OED is famous for cross-references and etymologies. The verb "set" merits the OED's longest entry, at approximately 60,000 words and detailing over 430 uses. No sooner was the OED finished than editors began updating it. In 1984, Oxford Press embarked on a 5-year project to create an electronic version. The effort required 120 people just to type the pages from the print edition and 50 proofreaders to check their work. In 1992, a CD-ROM version of the dictionary was released. Today, the dictionary is available online to subscribers and updated quarterly with over 1,000 new entries and revisions. At a whopping 20 volumes weighing over 137 pounds, it would reportedly take one person 120 years to type all 59 million words in the OED.* Celebrate the OED today! Spend some time on the OED website (www.oed.com)

Thu, Feb 2 (Regular; A B C D; Feast of the Presentation)

- **Feast of the Presentation.** This feast, told in Luke's Gospel, celebrates the child Jesus being brought to the Temple "according to the law of Moses." It was also the occasion of Simeon ("a righteous and devout man") proclaiming the famous "nunc dimittis" -- "now, Lord, you may dismiss your servant...for my eyes have seen your salvation..." Since the 10th Century, this feast has also been called Candlemas because candles were blessed and carried in procession, a devotional based upon Simeon's words that Jesus is the light who reveals God to all nations. In his meditation for this feast, St La Salle tells the brothers "How good it is to give oneself to God! Even in this life, God rewards and fills with very tangible consolations the soul that consecrates itself to God. The more you give to God, the more God blesses you." Today, let's renew our own consecrations to God -- and encourage our students to do, so, too.
- **TDIH:** In 1887, Groundhog Day was celebrated for the first time at Gobbler's Knob in Punxsutawney, PA. From the Official GH Day web site: *Pennsylvania's earliest settlers determined if the sun did appear on Feb. 2 so wise an animal as the groundhog would see its shadow and hurry back into its home for another 6 weeks of winter.* Let's hope Punxsutawney Phil sees no shadow!
- **TDIH:** In 2014 on this day, a memorial mass was celebrated in the G-Plex for **David Decareaux '94**, and his two sons. You may remember the tragedy: David and his sons were camping, got lost, and died of hypothermia. We continue to remember David and his family in our prayer.
- **Crepe Day:** Enjoy this French classic! In France, today is called la Chandeleur, Fête de la Lumière, or jour des crêpes. Not only do the French eat a lot of crêpes on Chandeleur, but they also do a bit of fortune telling while making them. It is traditional to hold a coin in your writing hand and a crêpe pan in the other, and flip the crêpe into the air. If you manage to catch the crêpe in the pan, your family will be prosperous for the rest of the year.

Fri, Feb 3 (Feast of St. Blaise; regular; E F G A)

- **St. Blaise:** Catholic practice calls for "Blessing of Throats" in honor of Blaise, who legend says saved a young boy from choking as Blaise was being hauled off to prison for his Christianity. He was martyred in 316.
- **TDIH:** In 1959, a small plane crash killed American rock and roll legends: Buddy Holly, Ritchie Valens and JP "The Big Bopper" Richardson. Singer songwriter Don McLean wrote a song about the event, "American Pie," in which he dubbed Feb 3, 1959 **the day the music died.** (*So bye, bye, Miss American Pie, drove my Chevy....*)
- **TDIH:** Four Chaplains Memorial Day. On this day in 1943, four US Army Chaplains gave their lives to save other soldiers when their troop ship, the USAT Dorchester was torpedoed in WW II. The chaplains gave up their own life jackets when the supply ran out, joined hands, said prayers and sang hymns as the ship sank.

Annual Fund: Many thanks to those who have responded to my request. For clarity, I offer the following:

- Almost **all private schools conduct annual funds**; many are high-pressured; ours is not – but I need your support to keep it from being high-pressured.
- The Annual Fund funds tactical, short term projects, e.g. technology, special programs (e.g. engineering). The Capital Campaign funds large infrastructure projects (the \$4 million La Salle Hall renovation and the \$4.5 million new gym.)
- You may “pledge” your gift and pay later or in installments (monthly, etc.). More and more families are using automatic credit card monthly payments of \$10 or \$20 dollars. **WONDERFUL!**
- While we don't send requests to grandparents, every year a number of grandparents do donate to the school. **AND WE NEED GRANDPARENT SUPPORT! If you would like to inform your son's grandparents of the drive, please do so – or provide me with an address and I'll personally appeal. I'll send them a nice “thank you” note, too!** Even a small donation (\$5!) is welcome.
- Gifts of stock are welcome.
- **No gift is too small. I repeat: no gift is too small!** What's important is that everyone participates. Of course, no gift is too large!
- If you are contributing to the Capital Campaign or financially supporting SPS in some other way, I understand! Thank you for your generosity. Can you send \$10 to the Annual Fund so I can show an increase in participation?
- Please consider helping if you have not already done so and are in a position to do so. Many thanks!

Cold Weather: ONLY SPS cold weather wear is accepted. If you cannot afford one, contact me.

A SERVE TEN Reminder: Five service hours are due. Students must fill-out and turn in completed "Serve Ten" forms to the Counseling Department in order to get credit for their service hours. We have been advertising MANY service opportunities. Remember that service hours are mandatory, not optional.

Seniors enjoy their penultimate honor roll breakfast.

Better Late Than Never Dept: On January 16, our Jewish brothers and sisters celebrated Tu B'shuvat, the Jewish New Year for Trees Day. This is the season in which the earliest-blooming trees in the Land of Israel emerge from their winter sleep and begin a new fruit-bearing cycle. Our Jewish brothers and sisters mark the day of Tu B'Shevat by eating fruit, particularly from the kinds singled out by the Torah in its praise of the bounty of the Holy Land: grapes, figs, pomegranates, olives and dates. On this day, we remember “man is a tree of the field” (Deut 20:19), and reflect on the lessons that trees can teach us. Here's a New Year's “examination of conscience check list” for trees:

- *Did I grow towards the sun as a tree should, reaching up higher and higher towards that*

which I can never grasp, but which nurtures me all the same the more I strive towards it?

- *Did I shelter the seedlings that live in my shade -- so they will grow up to be a next generation like myself?*
- *Did I make sure my roots remain firmly planted in the soil that nurtures them, and did I drop my leaves there in the fall to give back life to that which sustains me?*
- *Did I ensure that my fruits were sweet and nourished all that enjoyed them? Did all walk away from me with a smile?*
- *Did I bend gently in the wind, accepting what G-d sends but never breaking or giving up hope?*
- *Did I grow in strength and wisdom with each new ring this year?*
- Come to think of it, not a bad checklist for us humans either!

A few parents lamented the loss of the more "intimate" cafeteria setting, but the overwhelming majority understood and, overall, things worked well. As usual, I gave a vocabulary lesson. I encouraged the boys to be *pertinacious ripsnorters (remarkable, wonderful, superior people who hold strongly to a purpose or course of action, in this case the Lasallian core principles)* and never to be *mutable ninyhammers (inconstant simpletons.)* At the senior breakfast, Mr. Todd Richard, representing the SPS Renaissance Board and Board of Trustees, gave wonderful, real world advice to our seniors.
- **Bowling:** Wolves bowled hard but fell to a strong Holden team.
- **Mu Alpha Theta:** The induction ceremony went well, honoring our hard working math students and their equally hard working faculty.
- **Basketball:** JV & Varsity had big wins over F' Bleau & N'Shore but lost to nationally ranked Madison Prep. 9th & JV also won.

School Zone Cell Phone Ban: It is illegal to use a cell phone in a school zone while driving. I see some students and parents driving in the morning and using a cell phone. This sets a bad example – and is illegal. Please do not drive on campus during school zone hours while using a cell phone. _

Jan 17 Assembly: I hope the students enjoyed our Jan 17 assembly. Here’s what we did:

- Entered the gym listening to a recording of the 2011 SPS student body singing songs from the mass exactly six years ago last week. This recording was made at the mass in January of 2011 that started our Centennial Celebration that year. I reminded the students that the celebrant, Archbishop Gregory Aymond, said he had never seen such level of participation and singing at a high school mass. I asked the students if the same would be true today? I asked them if we are we a better school today at 106 years old than we were at age 100? Academically? Spiritually? More Lasallian? Kinder? More Peaceful? If not,

then we are going backwards – and that’s not good. But I expressed to them my belief that we are better today than in 2011 – and we will be even better each succeeding year if we are faithful to our Mission, pray as if everything depended upon God, and worked as if everything depended on us. While the music was playing, **junior Adam Moenich** lit the candle to remind us of God’s presence among us. We also prayed for the following who have left this earth recently to begin life in God’s Kingdom: **Mr. David Gallaty, Sr., grandfather of Josh Tourelle ’17; Mrs. Adelynn Boudin, grandmother of Quinten Boudin ’19; Mrs. Mary Stanton, grandmother of Nick ’19 & Michael ’16 Stanton; Mr. Bill Leahy, grandfather of Bill Leahy ’20; and Mrs. Judy Martin, SPS Social Studies Dept Chair for over 28 years.** We also prayed for our new president and vice president and our outgoing president and vice president. Finally, we prayed for Michael.

• Student Council President Will Murphy than spoke to the student body on the value of sleep. Yes, sleep. He expressed his concern that his classmates were not getting enough sleep and encouraged them to manage their time and commitments to make sure they got enough sleep at time. It was a wonderful message!

• With time running out, I had the boys sing the fight song to support all of the many activities happening these days.

Mu Alpha Theta Officers Max, Shane, Alex, Ruston and Alex organized last week’s induction ceremony.

• Finally, I closed the assembly with the following four points:

- Projected slides of an event that happened on campus exactly 60 years ago that day: the burning of the campus chapel. It was a bitterly cold morning and the heating system of the old chapel (located where the current new gym is) malfunctioned and the chapel burned to the ground. The photos are dramatic. The theater then became a chapel and remained so until the present chapel was built in 1964.
- Encouraged the students to attend the Wednesday 7 am mass. I told them that I could not keep asking priests to come to campus that early for only four or five students. Fortunately, the students responded and we had a nice congregation the following morning. I hope it continues.
- Reminded the students of why we had the day before as a holiday: Martin Luther King, Jr. I projected a series of

MLK quotations and had the different levels read them.

- Projected the words of “O God Beyond All Praising” and invited the current student body to join their voices with the student body of 2011 and sing this SPS favorite. And they did! It was wonderful!

• We then ended with junior **Curtis Zimmerman** extinguishing the candle and my reminding the students what the candle represents – the presence of God among us. I exhorted them to leave the gym and spread God’s love to all whom they

meet. The students then exited to the 2011 student body recording of “Joyful, Joyful We Adore You!” -- another song from our centennial mass.

- It was a great assembly – at least I thought so

Power of the Positive Educator: Here’s the second of seven points from that motivational expert Jon Gordon that I’ve shared with our faculty. Gordon says all teachers should adopt these points in order to be effective; the advice is equally relevant for parents. Last week it was “Be Positively Contagious.” I hope you were.

- *2. Take a Daily Thank You Walk – It’s simple, it’s powerful, and it’s a great way to feed yourself with positivity. How does it work? You simply take a walk... outside, in a mall, at your school, on a treadmill, or anywhere else you can think of, and think about all the things, big and small, that you are grateful for. The research shows you can’t be stressed and thankful at the same time so when you combine gratitude with physical exercise, you give yourself a double boost of positive energy. You flood your brain and body with positive emotions and natural antidepressants that uplift you rather than the stress hormones that drain your energy and slowly kill you. By the time you get to school, you are ready for a great day.*

A Statement from the Archdiocese of New Orleans Office of Catholic Schools Regarding the LHSAA: *After much thought and discussion among many Catholic school leaders in the Archdiocese of New Orleans, it has been decided that New Orleans Catholic high schools will continue to work within the structure of the LHSAA at this time. We feel that this decision is in the best interest of our student-athletes, and as with all decisions we make in our Catholic schools, we put our students first.*

And even though it’s 2017, I will still close with a paraphrase from one of my favorite NPR radio shows (which I’m listening to now as I write and LOLing): well, it’s happened again – you’ve squandered perfectly good time reading my ramblings!

Thanks for being part of Saint Paul’s School! I wish you a blessed week!

Brother Ray Bulliard, FSC

Thanking God for Having Survived January as the 17th Christian Brother President of Saint Paul’s School

Quality education, inclusive community, respect for all, concern for poor & social justice, faith in God’s presence – our mantras this week, throughout 2017, and always!

As Christmas 2016 fades further into history, let us not forget the inspiration provided by the Student Council on luminaria night: *Lux – God is our light and #36 – Mighty Michael!*

...by doing ordinary things extraordinarily well, making courageous choices, doing God’s will, and remaining faithful!
