

MEET THE WOLVES

(Week 13)

As we begin the second round of district play, for 13 of “Meet the Wolves,” we introduce **Bill Leahy**. Bill is a 16-year-old sophomore from Covington, Louisiana who plays as a guard for the Wolves. He is the son of Nicole and Bill and the brother of Gabby and Brock Leahy. Bill shows and uses his unbelievable athleticism to his advantage, being that he’s 5’11 and can dunk. Bill’s well-rounded game is very beneficial to the team, and we are glad to have him back after missing several weeks due to injury. To get to know a little more about Bill, he was asked the following questions:

What is it about basketball that made you want to play in high school?

Bill wanted to continue playing basketball in high-school because he enjoys how basketball is a sport you can play whenever and wherever. He loves how he can play basketball every day no matter what.

What is your favorite or funniest SPS basketball memory so far?

Bill stated that he does not have one favorite memory. Instead, he enjoys and looks forward to the entire journey with basketball.

What are you looking forward to the most for this season? Any goals?

Like several of his teammates, Bill has his focus set being the first team in the program’s history to win a state championship.

How do you want your teammates to remember you?

If his teammates could remember him in one way, Bill wants them to remember him as a guy who had great drive and determination to win.

If you could create a signature shoe, what would it be called?

Not only would Bill create his own signature shoe, but he would have a whole brand. He stated that the brand would be called “Lightning.” With some inspiration from the Adidas Crazy Light shoe, Bill would create his signature “Crazy Lights by Lightening” shoe. These shoes would only weigh 8.5

ounces! We think that you may feel like you are playing barefoot when you have these shoes on because these shoes would be significantly lighter than some of the leading brands today. With these shoes, Bill would need 11-foot goals to play on...

Are you more of a round earth guy, or do you agree with Kyrie Irving that the Earth is flat?

NOT SO FAST! In week 13, we finally have another candidate to debate against the leading conventional round Earth opinions. Bill stated, "Honestly, I believe wherever you go is straight, not round." Although the debate has been one-sided as of late, Bill brings a valid perspective that makes you critically think about the question at hand.

Who is your favorite member of the Ball family and why? (Lavar, LaMelo, LiAngelo, Lonzo)

Bill too, is mostly a fan of the oldest brother Lonzo strictly on the fact that he is by far the best basketball player in the family.

Do you have any plans after high school?

Bill being a sophomore, has plenty of time to get the beginning of his future after high school figured out. As of right now though, Bill has a strong desire to continue his basketball career at the collegiate level.

Is there anything else you would like to share about yourself?

Other than basketball, Bill loves CrossFit training and plans on trying to pursue it more later in life.
