

# MEET THE WOLVES

(Week 6)

This week on “Meet the Wolves,” we introduce **Christian Harrison**. Christian is an 18-year-old senior from Mandeville, Louisiana. He is the son of Denise and David, and the brother to Nicole Harrison. Christian has an extremely valuable role outside of his court play. You can always count on him to pick up or motivate his teammates whether it be during times of success or adversity. To get to know a little more about Christian, he was asked the following questions:

### **What is it about basketball that made you want to play in high school?**

Christian said that he has played basketball for as long as he can remember, and wanted to continue playing when he got to St. Paul's. There was a desire and a part of him that could not imagine not playing basketball anymore.

### **What is your favorite or funniest SPS basketball memory so far?**

His favorite memory was a different one because it occurred after a tough defeat. Christian said that he will always remember losing in the finals of the East Ascension tournament because after the game the team pulled closer together in the wake of defeat.

### **What are you looking forward to the most for this season? Any goals?**

Like many players on this Wolves team, Christian also wants another repeat District championship, and then wants to continue to win a State Championship after.

### **How do you want your teammates to remember you?**

Christian said he wants to be remembered as someone his teammates could always rely on in times of adversity. It takes a lot of courage to be a guy that can lead his teammates when tough situations arise, and tensions are high. But looking at his previous response, Christian sees the benefit that can come from adversity.

### **If you could create a signature shoe, what would it be called?**

The name of Christian's signature shoe is called, “The Harrison XII's.” Looking like another spin off the Retro Jordan collection, the real inspiration behind Christian's shoe is that they will give you just enough hops to dunk every time. This shoe has the most realistic effects as they give you just

enough hops to not raise anyone's suspicions that unnatural human abilities are occurring. The shoe also results in more fan excitement and uproar when you begin surprising your opponents and haters with poster dunks!

**Are you more of a round earth guy, or do you agree with Kyrie Irving that the Earth is flat?**

Christian also joins the majority so far, as he too is a round Earth person. He confidently stated, "Let's be real, the earth is round." He also gave his opinion on another space mass saying, "The moon on the other hand, is definitely flat." This difference is very intriguing and further questioning and research will need to be done with Christian to fully understand his conspiracy of "round Earth but flat Moon."

**Who is your favorite member of the Ball family and why? (Lavar, LaMelo, LiAngelo, Lonzo)**

Fairly, like many people around the world, Christian said that he is not a huge fan of the Ball family. But if he had to pick, Christian said he would go with NBA rookie, Lonzo.

**Do you have any plans after high school?**

Christian being another one of the eight seniors on the team, has begun the process of thinking about his future after high school. As of right now, Christian does not know what college he would like to attend, but he has been looking at schools out of state. He is also unsure about what he may want to study for his undergraduate degree, but he does plan to attend law school after!

**Is there anything else you would like to share about yourself?**

Christian said that he can see himself returning to St. Paul's in the future to teach!
