

MEET THE WOLVES

(Week 3)

It's week 3 for "Meet the Wolves," and this week we are introducing **Colin Quinlan**. Colin is an 18-year-old senior who plays as a big man in the post for the Wolves. Another Covington native, Colin is the son of Gregg and Dana, and the brother of Charlie and Raleigh Quinlan. Colin is not only a vocal leader on and off the court, but he is also a guy that is hard to outwork. To get to know a little more about Colin, he was asked the following questions:

What is it about basketball that made you want to play in high school?

Colin said that playing high-school basketball has always been a dream of his, and it shows through the passion he plays with.

What is your favorite or funniest SPS basketball memory so far?

His favorite memory while playing for St. Paul's was scoring his 100th point against Hammond High during his junior season. We are looking forward to seeing Colin score a few hundred more as he competes in his final high-school basketball season!

What are you looking forward to the most for this season? Any goals?

Colin is mostly looking forward to playing the long-standing cross-town rival, Mandeville Skippers. His overall goal is to also win a state championship, making it the first in St. Paul's Basketball history.

How do you want your teammates to remember you?

Colin said he would like to be remembered by his teammates as the guy who never gave up.

If you could create a signature shoe, what would it be called?

Colin said that his signature shoe would be named, "The Air Quinny's." The Jordan brand may want to begin thinking about contracting with some of the Wolves as many use the Retro Jordan's as inspiration. But, we think Colin also based this shoe off his sneaky hops that have been witnessed in preseason and several practices. Don't be surprised if you see Colin above the rim this season.

Are you more of a round earth guy, or do you agree with Kyrie Irving that the Earth is flat?

It's week three, and shockingly we are not being introduced to a new conspiracy pertaining to the shape of the Earth! Colin stated, "Come on, the earth is round... but I believe the Moon Landing was a conspiracy and urge anyone reading this to look deeper into it." We suggest anyone interested in a new read to take up Colin's suggestion and get back to him, so he can get the answers he so desires.

Who is your favorite member of the Ball family and why? (Lavar, LaMelo, LiAngelo, Lonzo)

Colin is also mostly a fan of the NBA rookie, Lonzo, making that three for three on "Meet the Wolves." Colin chose Lonzo due to the fact he is a Lakers fan himself. We can only wish Colin, Lonzo, and the Lakers good luck for the rest of the season as Lonzo and the Lakers have had a rocky start in tough Western Conference.

Do you have any plans after high school?

Colin, being one of the seniors this year is also getting ready to make some big decisions as graduation is right around the corner. Colin says that he would like to continue his basketball career at the collegiate level. Also, when he decides to hang up his basketball shoes, Colin is looking to switch gears and become the President of the United States of America in 2040! Get your ballots ready!

Is there anything else you want to share about yourself?

Colin says that he is the second-best basketball player in his family. This humble statement leaves us wondering who in fact is the best, and if there is a possibility in a change of the throne in the Quinlan household after his senior season completes?
