

## The President's Newsletter for Apr 27 – May 3, 2015

### Alleluia! He is Risen!

One year ago this Monday, Apr 27, Pope Francis canonized the late Pope John XXIII and the late Pope John Paul II. In the Catholic Church, “canonization” makes the person an official “saint” of the Church. The Church stresses that both former popes were canonized because of personal holiness, not politics or Church governance. Few can dispute that both were among the most influential 20<sup>th</sup> Century spiritual leaders. Accordingly, I offer you the following quotations from Saint John XXIII and Saint John Paul II as we begin the final month of the school year. First, from Saint John XXIII:

- *See everything, overlook a great deal, correct a little.*
- *A peaceful man does more good than a learned one.*
- *Anybody can be Pope; the proof of this is that I have become one.*
- *The feelings of my smallness and my nothingness always kept me good company.*
- *Men are like wine - some turn to vinegar, but the best improve with age.*
- *It is easier for a father to have children than for children to have a real father.*
- *Consult not your fears but your hopes and dreams. Think not about your frustrations, but about your unfulfilled potential. Concern yourself not with what you tried and failed in, but with what it is still possible for you to do.*

And from Saint John Paul II:

- *As the family goes, so goes the nation and the whole world in which we live.*
- *Freedom consists not in doing what we like, but in having the right to do what we ought.*
- *From now on it is only through a conscious choice and through a deliberate policy that humanity can survive.*
- *The great danger for family life, in the midst of any society whose idols are pleasure, comfort and independence, lies in the fact that people close their hearts and become selfish.*
- *To maintain a joyful family requires much from both parents and children. Each family member must be, in a special way, the servant of the others.*
- *Violence and arms can never resolve the problems of men.*
- *Young people are threatened... by the evil use of advertising techniques that stimulate the natural inclination to avoid hard work by promising the immediate satisfaction of every desire.*

- **This Day in History:** In 1862, Union troops take possession of New Orleans after Confederate General Mansfield Lovell surveyed his tiny force and realized resistance was futile. If he resisted, Lovell told Mayor John Monroe, the city would be bombed, causing severe damage and casualties.

- **National Zipper Day:** Have you ever thought about what your life would be like without zippers? Backpacks, blue jeans, gym bags ... the list is endless. On April 29, 1913, Swedish-born scientist Gideon Sundback was issued a patent for his "Hookless Fastener." The rest is history. To commemorate this feat of genius, here are some fun zipper facts: The U.S. Army was one of the first users of the zipper, applying them to a variety of uniform parts and gear. Yoshida Kogyo

Kabushibibaisha is the world's largest zipper manufacturer. You are likely to see "YKK" engraved on many of your own zippers. The world's longest zipper can be found at the hotel in Fort Lauderdale's Executive Airport. It measures 6,000 feet long and was commissioned as a publicity stunt for the hotel's nightclub, "Zippers."

- **National Shrimp Scampi Day:** Take a little pasta, a few plump, juicy shrimp, throw in a bit of butter, garlic and white wine, and what do you get? The elegance that is shrimp scampi, of course!
- **Exchange Club Student of the Year Breakfast:** The Exchange Club of West St. Tammany will honor a S o t Y from each local high school this morning at TCC. Max Gold has been chosen to represent SPS. Congratulate Max when you see him. From National Merit Finalist to Washington and Lee scholar, Max is deserving of this honor – as are a number of other seniors! Unfortunately, Max won't be here! He'll be at orientation at W & L – so I had him record his talk on my phone. Yeah, technology!
- **Stuff the Bus Day (see below for more info)**
- **State Tennis Tournament in Monroe through Friday**
- **AFJROTC Awards Banquet (BAC):** A shout out to Sgt East for keeping our program together again this year – and doing so in an exemplary manner. We hope the program will grow and return to full approved status.

### **Thu Apr 30 (Feast of St. Pius V; HR Breakfast for Freshmen; B C D E)**

- During his papacy (1566-1572), Pius V was faced with the crushing responsibility of getting a battered Church on its feet after being shaken by corruption, the Reformation, the threat of Turkish invasion and the bloody bickering of young nation-states. The Church's response was the Council of Trent, and Pius implemented the mandated reforms. No easy task.
- **TDIH:** In 1789, in New York City, George Washington, the great military leader of the American Revolution, is inaugurated as the first US president.
- **National Honesty Day:** Celebrate National Honesty Day in a completely open and honest way. There are few rules for this special day.....just be honest.
- **National Bugs Bunny Day:** The first time audiences saw the wascally wabbit was on April 30, 1938, in a short cartoon called "Porky's Hare Hunt." In that first appearance he was called "Happy Rabbit." Bugs did not utter his famous catch phrase, "What's up, Doc?" until he came face to face with Elmer Fudd in "A Wild Hare" in 1940.
- **Happy Birthday Saint La Salle!** On this day in 1651, John Baptist de La Salle was born. Let us pause a moment today to give thanks for the birth of this extraordinary saint and educator whose work we continue today!

- **Happy Birthday Louisiana!** From the official Louisiana Website: *On April 30, 1812, the United States admitted Louisiana as the 18th state into the Union. Louisiana was the first state to have a majority Catholic French- and Spanish-speaking population, reflecting its origins as a colony under France from 1699-1763 and Spain from 1763-1803. Following the Louisiana Purchase in 1803, Louisiana's road to statehood was not all smooth. Federal law required citizens of a newly admitted territory to apply to congress for statehood, and the admission of the Orleans Territory as the 18th state followed years of lobbying efforts by prominent citizens—both American and Creole (French-speaking Catholics). Finally in 1811, Democratic President James Madison signed the bill allowing the people of Louisiana to form a state constitution. Following the state constitutional convention in New Orleans, on April 14, 1812, President Madison signed the bill approving statehood. The bill designated April 30, 1812, as the day of formal admission. Join me in praying for our state on its birthday!*
- **Rugby & Lacrosse Awards Banquets**

*Michael and William were honored last week as Allstate Sugar Bowl Football Scholar-Athletes. And William walked away with a \$10,000 scholarship – one of only 5 given!*

**Fri, May 1 (Feast of St. Joseph the Worker; HR Breakfast for Pre-freshman; F G A B)**

- In response to the “May Day” celebrations for workers sponsored by Communists, Pope Pius XII instituted the feast of St. Joseph the Worker in 1955. Today honors all workers, reminding us that we all have a responsibility to build the Kingdom of God on Earth through our labor. Here at SPS, that takes on special meaning.
- **Mother Goose Day:** Read childhood nursery favorites and feel the warmth of Mother Goose's embrace once again!
- **This Day in History:** In 1933, the legend of the Loch Ness Monster is born when a sighting makes local news.
- **Great American Grump Out Day:** Calling all grumps! For one whole day, there is to be no grumping, no frowning, no grouching, or complaining! I'll try to do my part
- **Pre-freshmen Retreat Day**
- **Funeral Mass for Mrs. Hazel Bennett**, mother-in-law of Trevor, will be celebrated in Our Lady of Peace Chapel today at 11.
- **Wolf Jam:** At the request of LYLs, we agreed to re-institute this event – with changes. ALL of the groups are composed of SPS students, there are a variety of groups (acoustic, rock, poetry reading, standup comedy), only SPS and SSA students and families may attend, and there is a lock in component. In the past, we have used the proceeds to assist San Miguel High School in Tucson. We will do so again this year. My thanks to the LYLs.

**Sat, May 2**

- **TDIH:** In 1942, the Battle of the Coral Sea begins between Japan and the US. Lasting four days, it is considered the first modern naval engagement, resulting in 70 Japanese and 66 American warplanes destroyed. This was the first air-naval battle, as carriers did not fire at each other; planes did the battling. The US carrier *Lexington* was a casualty; "the Blue Ghost" (so-called because it was not camouflaged like other carriers) suffered extensive damage and was sunk by its crew. 216 *Lexington* crewmen died. Japan would go on to occupy all the Solomon Islands, but its victory was a Pyrrhic one: the cost in experienced pilots and aircraft carriers was so great that Japan had to cancel its expedition to other South Pacific targets.
- **Two Different Color Shoes Day** celebrates the uniqueness and diversity of humanity. Since it's Saturday, wear whatever color shoes you want!
- **No Pants Day:** Again, since it's Sat, wear or don't wear whatever you want! But if they come to the prom, boys must wear pants!

- **Junior-Senior Prom** at Abita Quail Farm (7:30-11:30). We pray that it will be a wonderful, SAFE, event. We stress with the students the need for an alcohol and drug free experience. We encourage parents to monitor and be vigilant. We will have security checking for violations, including searching busses, cars, and limos.

### Sun, May 3

- **TDIH:** SF Giants outfielder Willie Mays hits his 512th career home run to break Mel Ott's HR record.

**Post Easter Holidays (NOT spring break!) Grooming and Dress Issues:** Our guys are starting to look shabby. It's not summer yet and we will continue to enforce our rules until the end of school. Parents: please help by trimming hair, making sure he shaves (if applicable), check his uniform before he leaves and encourage good hygiene. Help us by insisting your son conforms to policy. And, no, I don't think hair regulation is more important than drug and alcohol regulations, but I'm not willing to ignore the less important rules that we have.

### Musings on Last Week:

- **Founder's Week:** Many, many thanks to the LYLs for a great Founder's Week. More below.
- **State Literary Rally:** No results until April 30 but I'm sure the Wolves did well!

- **Golf:** A tough technical loss for the Wolves in District. On to the regional tourney!
- **Track:** Track Wolves won their District Championship – again – by 100 points! Wow

And the icing on the cake was when William was awarded one of the five \$10,000 scholarship based upon his athletic and academic achievements plus an ESSAY which he wrote – which was outstanding! Here's the NOLA.com article link:  
<http://highschoolsports.nola.com/news/article/8582082211337912749/allstate-sugar-bowl-awards-10000-scholarships-to-five-area-football-athletes/>
- **English I H Field Trip:** The boys completed their Brown Foundation Service Learning Project by traveling to a Hammond Title 1 school and reading their original books to the first grade students, interacting with them, and giving them gifts of laughter, candy, camaraderie, and crayons. The boys were moved by the event as they interacted with low income students who have few of the material goods that our guys have. It was a positive experience for them. Thanks to Karen Hebert for organizing and Joe Dickens for driving.

*Ten seniors paid tribute to their moms at the Mother-Son Dinner last week.*

**In Praise of the Robo-Wolves:** In the midst of Presidential Scholars, Regional Championships, Soccer celebrations, Founder's and Leadership Weeks, and a host of other uplifting accomplishments, I do not want our Robo-Wolves to be overlooked. What this group of pre-freshmen did, under Julie's leadership, was truly extraordinary. So allow me to offer the following, as I didn't have all the information needed for last week's newsletter:

- **Andrew Aceves, Grant Addison, Joseph Brown, Merrick Coghlan, Colin Cottrell, Coleman Guidry, Ross Hightower, Andrew Norlin, Jonathan Wellmeyer, Julie Beck, and a number of parents** spent hours of their free time including Easter Break preparing for the World Championships in KY. They also took time away from school that now has to be made up.
- Julie deserves special praise for all her hard work. It was a major event to co-ordinate and the fact that this is the first year this club has been formed, there were a huge amount of unknowns.
- Julie took her first pre-freshman robotics team to the VEX Robotic World Championships. The team was awarded the Excellence Award at the State Championship by competing against high schools from around the state to be one of the four teams to represent Louisiana. The team joined 700 teams from 29 counties who competed over a four day tournament. Three St Paul's students represented Team USA at the Parade of Nations during the opening ceremonies.
- The team competed hard, communicated and worked well with teams even though sometimes the teams spoke different languages. The team showed amazing team spirit. Because of their amazing team spirit and cheering section got so much attention for their enthusiasm and were called out many times by the Emcee calling them 'Her Robowolves' she even wrote via her social media the day after the tournament that she missed her wolves, singling them out over all other teams in the division.
- The boys came home with World Championship participation medals and a new team mascot "Dave".
- As one mom wrote me, *"it was an amazing trip for the boys and their parents. We will carry these memories with us always. The boys were a credit to their parents, school and Mrs. Beck. I feel very privileged to be a part of this group."*

*Thank you, Mrs. Beck and Robo-Wolves!  
We are VERY proud of you!*

- And I feel privileged to have these guys as part of Saint Paul's School. We should all rejoice.

*Seniors and their moms enjoy Mother-Son Dinner last Wed.*

**April 21 Assembly:** I hope the students enjoyed our April 21 assembly. Here's some of what we did:

- Students entered the gym to the strains of "The Hallelujah Chorus" from George Fredrick Handel's incredible oratorio entitled "Messiah." Too often associated with Christmas, this iconic Baroque masterpiece actually musically represents the joy that Christians should feel over the Resurrection. That Handel composed this work in just 24 days in 1741 borders on the miraculous. I explained to the students that when King George III first attended a performance of "Messiah" in 1742, he was so astounded by "The Hallelujah Chorus" that he stood up in amazement. Naturally, the whole audience

also stood. So, today, when you attend a performance of "Messiah", it is customary to stand for "THC." OK, enough music trivia! While the music played, junior **Parker Layman** lit the prayer candle – now the large Paschal candle, symbolically representing Christ's resurrection. We prayed in a special way for those who have entered into God's Kingdom since our last assembly: **Mrs. Jean Sisson**, aunt of senior **Alex Zenor**, **Mrs. Shirley Cahall**, grandmother of senior **Kevin Cahall**, & **Mrs. Hazel Bennett**, mother-in-law of **Mr. Trevor Watkins**.

We also prayed for and congratulated faculty member Mr. Tommy Lahey on the birth of his first child, a girl named Zoe.

- Listened to a presentation by sophomore Reagan Hill and Chris McDonald '99, CEO of Mugshots. Following Reagan's spinal injury last summer, a friendship developed between the two, as Chris provided Reagan with some of his favorite items from the restaurant. So inspired by Reagan, Chris proposed a partnership where a percentage of certain restaurant sales would be used to help others in a similar situation as Reagan was last summer. Chris then informed the student body that during the month of July, the anniversary month of Reagan's accident, certain menu items at Mugshots would be half-priced, with proceeds going to the Foundation which Chris and Reagan have started to help others. It was an inspiring story.
- Listened to SPS 2012 valedictorian **Andrew Mullet** speak about quality education and how it applies to the life of a Lasallian school. Andrew is double majoring at LSU – and doing great.
- Recognized and congratulated the nine seniors who have been named National Merit Finalists or Commended Students by the National Merit Corporation, thus placing these guys among the top 2% of students in the nation – quite an honor! We are VERY proud of **Matthew Baldone**, **Beau Briggs**, **George Cazenavette**, **Jack Dubreuil**, **Max Gold**, **Ryan Keller**, **Connor Lu**, **Aaron Nguyen**, and **Walden Perry**.
- Recognized, congratulated, and presented awards to our Region 8 Science Fair Winners: **Josh Devier** (Plant sciences, First place), **John Cresson & Luke Avenel** (Plant Sciences, First place), **Walden Perry & George Cazenavette** (Computer Science, First place), **Alexander Nguyen** (Computer Science, Second Place), **Robert Baricev** (Energy

and Transportation, Honorable Mention), **Leland Van Deventer** (Microbiology, Second Place), **Benjamin Dantin & Aaron Nguyen** (Physics and Astronomy, Third Place)

- Recognized, congratulated, and presented certificates and medals to the large group of young men who placed in District Literary Rally: Jacob Broussard (Advanced Math & also a state qualifier), John Cresson (Advanced Math), Ryan Meraux (Pre-Calculus, also a state qualifier), Leland van Deventer (American History, also a state qualifier), Austin Ho (Art), Alex Paille (Biology I, also a state qualifier), Patrick Connolly (Biology II, also a state qualifier), Aaron Nguyen (Calculus, also a state qualifier), Ryan Keller (Calculus), Gregory Roy (Chemistry), Luke Avenel (Chemistry, also a state qualifier), James Pagnutti (Computer Science), Tanner Bruner (Computer Science, also a state qualifier), Patrick Baldone (English I, also state qualifier), Ryan Flood (English II, also state qualifier), Cray Pennison (English III, also state qualifier), Sam Giberga (English IV, also state qualifier), Casey Fitzmaurice (Journalism), Nick Ashton (Journalism, also state qualifier), Andy Smith (Physical Science, also state qualifier), Matthew Baldone (Physics, also state qualifier), Ross Hightower (Spanish I, also state qualifier), Matthew Borgatti (Spanish II, also state qualifier), Forge Mathes (Spanish III, also state qualifier), Kyle Hladky (World History, also state qualifier) and Alex Seese (World History.)
- Recognized and congratulated seniors **George Cazenavette & Ryan Keller** for being named Semi-Finalist in the Presidential Scholars Competition – two of only 8 students in the entire state of Louisiana. This is perhaps the most prestigious academic recognition in the country. Wow. We are beyond proud.
- Again, I ran out of time before I ran out of recognitions – which will carry over to the next assembly. So I quickly congratulated the golf, tennis, baseball, rugby, & lacrosse Wolves and we encouraged everyone to finish strong by singing the fight song. . **Junior Nick Oubre** extinguished the prayer candle while “The Hallelujah Chorus” played robustly. I closed by reminding the students what the candle represents – the love of God, the grace and peace of our Lord Jesus Christ, and the fellowship of the Holy Spirit. I exhorted them to spread God’s love to all whom they meet.
- It was a great assembly – at least I thought so!

**Important Driver's License Requirement:** A new requirement was added to the driver's license issuance process for all minor applicants. All minor applicants must produce proof the applicant has either received a diploma or is currently enrolled in a high school program. This is done through a school attendance form from his or her high school prior to applying for a driver's license. These forms can be obtained in the administration building or the counseling center.

**Several students went for licenses over the holidays and were turned away because they didn't have the form – in some cases they waited several hours before being turned away!**

**Free Money:** Recently we received checks from Target and Office Depot representing rebates on purchases: Target gives a cash rebate and Office Depot gives a 5% store credit. PLEASE: anytime you purchase at Target or Office Depot, indicate that your rebate go to Saint Paul's School! This is FREE money! You're not being charged extra.

*Congrats to Parker Rice for winning the Tulane Legislative Scholarship awarded by Rep. John Schroeder – a full tuition to Tulane! He competed against many well-qualified applicants for this prestigious award. A reception was given by Rep. Schroeder.*

Whew! Sorry I was so long winded this week!

And even though it's the last week of April 2015, I will still close with a paraphrase from one of my favorite NPR radio shows (which I'm listening to now as I write and LOLing): well, it's happened again – you've squandered perfectly good time reading my ramblings!

Again, please let me know if there's an issue you would like me to address in my newsletters or a question you think applies to others. Know of my prayer for you and your family, especially as we march forward through 2015! Hard to believe we only have four more weeks in the school year! Again, thanks for being part of the 2014-15 edition of SPS!
