Saint Paul's Summer VEX Robotics Camp 2021

Want to learn to design and program a working robot? Students will use the principles of engineering and physics to improve the performance of their robot and learn about different approaches to solving problems, while using VEX IQ Robotics. This camp will give you hands-on use of S.T.E.M (science, technology, engineering, and math) skills using real-world project-based learning and team-building skills.

Camp Dates: June 7-11, 2021

Time:
9:00AM – 12:00PM (entering 4th – 6th grade boys)

Location: Room 111, Saint Paul's Main School Building, 917 S Jahncke Avenue, Covington, LA 70433

Instructor: Julie Beck,   Email: j.beck@stpauls.com   Phone: 985-892-3200

Cost: $160 per student (Make checks payable to St. Paul's School – cost includes t-shirt and snacks)

*****Space is limited to 16 students, please email j.beck@stpauls.com before mailing your registration, to confirm availability*****

Note: Students will not be allowed to keep and/or take home the robots at the end of the week.
